PUBLICATIONS ON HIDES, SKINS, TANNING MATERIALS,
TANNING PROCESSES, AND LEATHER

Eastern Regional Research Laboratory
Philadelphia 18, Pennsylvania.

PUBLICATIONS ON HIDES, SKINS, TANNING MATERIALS, TANNING PROCESSES,
AND LEATHER

Eastern Regional Research Laboratory¹
Philadelphia 18, Pennsylvania

Copies not available for distribution are indicated by asterisk (*)

- * 1. A Discussion of Methods for the Estimation of Tannin. (F. P. Veitch). Bur. Chem. Bull. 90, p. 215 (1905). Reprinted in J. Amer. Leather Chem. Assn. 15, p. 122 (1920).
- * 2. The Extraction of Tanning Materials with Various Extractors. (F. P. Veitch). Jour. Amer. Chem. Soc., 27, p. 724 (1905).
- * 3. Determination of Color of Tanning Materials. (F. P. Veitch). J. Amer. Leather Chem. Assn., 1, p. 253 (1906).
- * 4. The Extraction of Tanning Materials for Analysis. (F. P. Veitch and H. H. Hurt). J. Amer. Chem. Soc., 28, p. 505 (1906).
- * 5. Determination of Nitrogen in Leather. (F. P. Veitch and T. C. Trescot). J. Amer. Leather Chem. Assn., 2, p. 221 (1907).
- * 6. Work of the Bureau of Chemistry on Tannin Analysis and Leather. (F. P. Veitch). J. Amer. Leather Chem. Assn., 2, p. 366 (1907).
- * 7. Tanning Materials. (F. P. Veitch). Bailey's Cyc. of Am. Agr., Vol. 2, p. 623 (1907).
- * 8. Some Experiments with Chromed Hide-Powders. (F. P. Veitch). J. Amer. Leather Chem. Assn., 2, p. 454 (1907).
- * 9. Note on the Determination of Glucose in Leather. (F. P. Veitch). J. Amer. Leather Chem. Assn., 3, p. 108 (1908).
- * 10. Commercial Sicilian Sumac. (F. P. Veitch). Bur. Chem. Bull. 117 (Sept. 1908).
- * 11. Leather Analysis. (F. P. Veitch). J. Amer. Leather Chem. Assn., 4, p. 272 (1909).
- * 12. Leather Analysis. (F. P. Veitch). J. Amer. Leather Chem. Assn., 5, p. 129 (1910).

¹ ONE OF THE LABORATORIES OF THE BUREAU OF AGRICULTURAL AND INDUSTRIAL CHEMISTRY.
AGRICULTURAL RESEARCH ADMINISTRATION, U. S. DEPARTMENT OF AGRICULTURE.

- *13. Report on Methods for the Analysis of Leather. (F. P. Veitch). J. Amer. Leather Chem. Assn., 5, p. 426 (1910).
- *14. Conservation in the Leather Industries. (F. P. Veitch). J. Amer. Leather Chem. Assn., 5, p. 558 (1910).
- *14a. A.O.A.C. Report on Tannin (J. S. Rogers). Bur. Chem. Bull. 152, p. 221 (1911).
- *15. Extraction of Leather with 95% Alcohol. (J. S. Rogers). J. Amer. Leather Chem., Assn., 6, p. 209 (1911).
- *16. Report on Leather Analysis. (F. P. Veitch). J. Amer. Leather Chem. Assn., 6, p. 565 (1911).
- *17. Leather Analysis-A.L.C.A., 1912. (F. P. Veitch and J. S. Rogers). J. Amer. Leather Chem. Assn., 7, p. 645 (1912).
- *18. The Purification of Tannery Effluents. (F. P. Veitch). J. Amer. Leather Chem. Assn., 8, p. 10 (1913).
- *19. Identification of Tanned Skins. (C. F. Sammet). Bur. Chem. Circ. 110, (Mar. 1913); also J. Amer. Leather Chem. Assn., 8, p. 164 (1913).
- *20. Leather Investigations: The Composition of Some Sole Leathers. (F. P. Veitch and J. S. Rogers). Bur. Chem. Bull. 165 (May 1913).
- *21. Clarification of Leather Extracts for the Determination of Reducing Sugars. (F. P. Veitch and J. S. Rogers). J. Amer. Leather Chem. Assn., 9, p. 421 (1914).
- *22. The Detection of Oak in Tannin Extracts and Leathers. (J. S. Rogers). J. Amer. Leather Chem. Assn., 9, p. 525 (1914).
- *23. Purification of Tannery Effluents and the Recovery of By-Products Therefrom. (F. P. Veitch). J. Amer. Leather Chem. Assn., 10, p. 126 (1915).
- *24. The Denaturing of Eggs. (J. S. Rogers). J. Amer. Leather Chem. Assn., 11, p. 412 (1916).
- *25. A Constant Sand-Feed. (J. S. Rogers and R. W. Frey). J. Amer. Leather Chem. Assn., 12, p. 153 (1917).
- *26. The Wear Resistance of Leather from Different Parts of the Hide. (F. P. Veitch and J. S. Rogers). J. Amer. Leather Chem. Assn., 13, p. 86 (1918).
- *27. Preparation of Heavy Leather Samples for Analysis. (F. P. Veitch and R. W. Frey). J. Amer. Leather Chem. Assn., 13, p. 232 (1918).
- *28. Determination of Free Sulphuric Acid in Leather: Committee Report. (J. S. Rogers). J. Amer. Leather Chem. Assn., 13, p. 319 (1918).

- *29. **A Volumenometer.** (J. S. Rogers and R. W. Frey). J. Ind. Eng. Chem., 10, p. 554 (1918).
- *30. **American Sumac: A Valuable Tanning Material and Dyestuff.** (F. P. Veitch, J. S. Rogers and R. W. Frey). U. S. Dept. Agr. Bull. 706 (July 1918). Revised Nov. 1920. Slightly revised April 1935.
31. **Country Hides and Skins: Skinning, Curing, and Marketing.** (R. W. Frey, F. P. Veitch, C. V. Whalen, and R. W. Hickman). U. S. Dept. Agr. Farmers' Bull. 1055 (August 1919). Revised April 1920; May 1922; July 1923; Nov. 1926; October 1942.
- *32. **Extraction of Leather Stuffing Oils and Greases from Sand.** (F. P. Veitch and M. G. Hunt). J. Amer. Leather Chem. Assn., 14, p. 507 (1919).
- *33. **Kaolin for Tannin Analysis.** (R. W. Frey). J. Amer. Leather Chem. Assn., 14, p. 393 (1919).
- *34. **Notes on the Determination of Water Solubles in Leather.** (R. W. Frey and I. D. Clarke). J. Amer. Leather Chem. Assn., 14, p. 488 (1919).
- *35. **Testing Materials for Increasing the Water-Resistance of Sole Leather.** (H. P. Holman and F. P. Veitch). Science, N.S. 49, p. 618 (1919).
- *36. **Epsom Salts in Leather: 1920 Committee Report.** (R. W. Frey). J. Amer. Leather Chem. Assn., 15, p. 406 (1920).
- *37. **The Care of Leather.** (F. P. Veitch, H. P. Holman, and R. W. Frey). U. S. Dept. of Agr. Farmers' Bull. 1183 (Dec. 1920). Revised Feb. 1922. Superseded by Farmers' Bulletin 1523, Leather Shoes; Selection and Care.
- *38. **Directions for Making Alum Tanned Lace Leather.** Mimeograph. February 15, 1921.
- *39. **Determination of Available Calcium Oxide in Lime Used for Unhauling Hides.** (F. P. Veitch and T. D. Jarrell). J. Amer. Leather Chem. Assn., 16, p. 438 (1921).
- *40. **Extraction of Oils and Greases from Leather.** (F. P. Veitch and I. D. Clarke). J. Amer. Leather Chem. Assn., 16, p. 458 (1921).
- *41. **Rapid Washing of Chromed Hide Powder.** (R. W. Frey and I. D. Clarke). J. Amer. Leather Chem. Assn., 16, p. 477 (1921).
- *42. **Notes on Water Extraction of Leather.** (F. P. Veitch and R. W. Frey). J. Amer. Leather Chem. Assn., 16, p. 491 (1921).
- *43. **The Effect of Atmospheric Humidity on the Determination of Moisture in Leather.** (F. P. Veitch and T. D. Jarrell). J. Amer. Leather Chem. Assn., 16, p. 547 (1921).

- *44. **Determination of Epsom Salts in Leather.** (R. W. Frey). J. Amer. Leather Chem. Assn., 16, p. 595 (1921).
- *45. **The Explosiveness of Tannery Dusts.** (R. W. Frey). J. Amer. Leather Chem. Assn., 16, p. 614 (1921).
- *46. **Directions for Making Bark Tanned Sole and Harness Leather on a Small Scale.** Mimeograph. February 18, 1922.
- *47. **Directions for Making Chrome Tanned Leather on a Small Scale.** Mimeograph. March 18, 1922.
- *48. **Note on Salting and Curing Hides on the Farm.** Mimeograph. April 12, 1922.
- 49. **The Determination of Moisture in Leather--1922 Committee Report.** (F. P. Veitch). J. Amer. Leather Chem. Assn., 17, p. 262 (1922).
- *50. **Determination of Epsom Salts in Leather--1922 Committee Report.** (R. W. Frey). J. Amer. Leather Chem. Assn., 17, p. 274 (1922).
- *51. **Determination of Glucose in Leather--1922 Committee Report.** (I. D. Clarke). J. Amer. Leather Chem. Assn., 17, p. 284 (1922).
- *52. **Home Tanning.** (R. W. Frey, I. D. Clarke, and F. P. Veitch). U. S. Dept. Agr., Dept. Circ. 230 (July, 1922). Superseded by Farmers' Bulletin 1334.
- *53. **Review of Analytical Work Applicable to Leather and Tanning, 1920-1921.** (F. P. Veitch and R. W. Frey). J. Ind. Eng. Chem. 14, p. 825 (1922).
- *54. **Report on Tanning Materials and Leather.** (F. P. Veitch). J. Assn. Official Agr. Chem., 5, p. 388 (1922).
- *55. **The Influence of Atmospheric Humidity on the Strength and Stretch of Leather.** (F. P. Veitch, R. W. Frey, and L. R. Leinbach). J. Amer. Leather Chem. Assn., 17, p. 492 (1922).
- *56. **Report on Tanning Materials and Leather.** (F. P. Veitch). J. Assn. Official Agri. Chem., 6, p. 309 (1923).
- 57. **Home Tanning of Leather and Small Fur Skins.** (R. W. Frey, I. D. Clarke, and F. P. Veitch). U. S. Dept. Agr. Farmers' Bull. 1334 (Aug. 1923) - supersedes U. S. Dept. Agr., Dept. Circ. 230. Revised November 1930; slightly revised March 1935; January 1947.
- 58. **Weaving Qualities of Shoe Leathers.** (F. P. Veitch, R. W. Frey, and I. D. Clarke). U. S. Dept. Agr. Bull. 1168 (Sept. 1923). Revised March, 1924.
- *59. **The Determination of the Sugar Content of Leather: Committee Report for 1923** (R. W. Frey and I. D. Clarke). J. Amer. Leather Chem. Assn., 18, p. 262 (1923).

- *60. The Effect of Certain Deleading Agents Upon Hydrolysis in the Determination of Reducing Sugars in Leather and Tanning Extracts. (I. D. Clarke and R. W. Frey). J. Amer. Leather Chem. Assn., 19, p. 237 (1924).
- *61. The Determination of the Sugar Content of Leather--1923-1924 Committee Report. (R. W. Frey). J. Amer. Leather Chem. Assn., 19, p. 339 (1924).
- *62. Determination of Moisture in Leather. (F. P. Veitch and T. D. Jarrell). J. Amer. Leather Chem. Assn., 19, p. 568 (1924).
- *63. Report on Tanning Materials and Leather. (F. P. Veitch). J. Assn. Official Agri. Chem., 7, p. 312 (1924).
- *64. Country Hides and Skins. Spanish edition U. S. Dept. Agr. Farmers' Bull. 1055, translated and published for the Central Executive Council of the Inter-American High Commission. (1924).
- *65. Preliminary Remarks to the Committee Report on the Determination of the Sugar Content of Leather. (R. W. Frey). J. Amer. Leather Chem. Assn., 19, p. 651 (1924).
- *66. Report on the Determination of Moisture in Leather. (F. P. Veitch and T. D. Jarrell). J. Amer. Leather Chem. Assn., 20, p. 334 (1925).
- *67. Hide and Leather Imperfections Caused by Follicular Mange. (R. W. Frey). J. Amer. Leather Chem. Assn., 20, p. 373 (1925).
- *68. The Distribution of Tannin in the American Chestnut Tree with Particular Reference to Stumps and Roots. (R. W. Frey and L. R. Leinbach). J. Amer. Leather Chem. Assn., 20, p. 457 (1925).
- *69. A Device for Preparing Light Leather Samples for Analysis. (R. W. Frey). J. Amer. Leather Chem. Assn., 20, p. 470 (1925).
- *70. Polluted Atmosphere a Factor in the Deterioration of Bookbinding Leather. (F. P. Veitch, R. W. Frey and L. R. Leinbach). J. Amer. Leather Chem. Assn., 21, p. 156 (1926).
71. The Determination of Moisture in Tannery Materials. (I. D. Clarke). J. Amer. Leather Chem. Assn., 21, p. 385 (1926).
72. The Determination of Moisture in Leather--1926 Committee Report. (F. P. Veitch and T. D. Jarrell). J. Amer. Leather Chem. Assn., 21, p. 435 (1926).
- *73. Follicular Mange--Committee Report. (R. W. Frey). J. Amer. Leather Chem. Assn., 21, p. 571 (1926).
- *74. Comparison of Bonic and Hydrochloric Acids in the Determination of Nitrogen in Leather--Committee Report. (R. W. Frey and R. M. Hann). J. Amer. Leather Chem. Assn., 21, p. 583 (1926).

- *75. **A Note on Acid Rot of Leather.** (F. P. Veitch). Shoe and Leather Reporter, 164, No. 10, p. 52, and No. 13, p. 26; also Hide and Leather 72, No. 24, p. 39 (1926).
- *76. **Country Hides as Sources of Leather.** (R. W. Frey). Lesson No. 1 of U. S. Radio Farm School, Livestock Short Course No. 6, Hides, Wool & Mohair (1927).
- *77. **Practical Points on Skinning and Curing Cattle Hides.** (R. W. Frey). Lesson No. 2 of U. S. Radio Farm School, Livestock Short Course No. 6, Hides, Wool & Mohair (1927).
- *78. **Bibliography of Sampling Tanning Materials and Leathers.** (R. W. Frey). J. Assn. Official Agri. Chem., 10, p. 96 (1927).
- 79. **Leather Shoes: Selection and Care.** (F. P. Veitch, R. W. Frey, and H. P. Holman). U. S. Dept. Agr. Farmers' Bull. 1523 (April 1927).
- *80. **Report on Tanning Materials and Leathers.** (T. D. Jarrell). J. Assn. Official Agri. Chem., 10, p. 143 (1927).
- *81. **A Note on Badan.** (R. W. Frey and L. R. Leinbach). Shoe and Leather Reporter 165, No. 11, p. 45 (1927); Hide and Leather, Mar. 26, 1927, p. 45; J. Amer. Leather Chem. Assn., 22, p. 243 (1927).
- *82. **The Determination of Moisture in Leather--1926-27. A.L.C.A. Committee Report.** (F. P. Veitch and T. D. Jarrell). J. Amer. Leather Chem. Assn., 22, p. 265 (1927).
- *83. **Leather Damaged by Impure Air.** (F. P. Veitch and R. W. Frey). U. S. Dept. Agr. 1926 Yearbook of Agriculture, p. 483 (1927).
- *84. **Shoe Soles from "Bend" of Hides Most Durable.** (F. P. Veitch and R. W. Frey). U. S. Dept. Agr. 1926 Yearbook of Agriculture, p. 657 (1927).
- *85. **Tannin Content of Chestnut Stumps and Roots.** (R. W. Frey). U. S. Dept. Agr. 1926 Yearbook of Agriculture, p. 697 (1927).
- *86. **Proposed Revision of Part of the Methods of the A.L.C.A..** (R. W. Frey et al). J. Amer. Leather Chem. Assn., 22, p. 567 (1927).
- *87. **Conservation of Hides and Skins.** (R. W. Frey). The Extension Animal Husbandman, Bur. Animal Industry, Sept. 1927, p. 23; also The Cattlemen, Nov. 1927, p. 26.
- *88. **Foot-Print Paper.** (R. W. Frey). American Shoemaking, Nov. 16, 1927; also Shoe Merchants News, Nov. 12, 1927.
- *89. **Note on the Deterioration of Bookbinding Leather.** (F. P. Veitch, R. W. Frey, and L. R. Leinbach). J. Amer. Leather Chem. Assn., 23, p. 9, (1928).
- 90. **The Determination of Sugars in Tanning Materials.** (I. D. Clarke and R. W. Frey). J. Amer. Leather Chem. Assn., 23, p. 91 (1928)..

91. **A Practical Glass Extractor.** (R. W. Frey and H. C. Reed). J. Amer. Leather Chem. Assn., 23, p. 124 (1928).
- *92. **Footwear Made Water Repellent by Various Modes of Treatment.** (R. W. Frey and H. P. Holman). U. S. Dept. Agri. 1927 Yearbook of Agriculture, p. 327 (1928).
- *93. **Federal Research on Leather.** (F. P. Veitch). Leather Manufacturer, August 1928, p. 244; also United States Daily, "Leather and Tanning Investigations: Federal Cooperation with the States", July 20, 1928.
- *94. **To Lessen Huge Waste in Hides and Skins.** U. S. Dept. Agri. Press Service, August 27, 1928.
95. **A Comparison of Several Methods of Hydrolysis in Determining Nitrogen in Leather.** (R. W. Frey, L. J. Jenkins, and H. M. Joslin). J. Amer. Leather Chem. Assn., 23, p. 397 (1928).
96. **A Comparison of Four Machines in the Preparation of Leather Samples for Analysis.** (I. D. Clarke and R. W. Frey). J. Amer. Leather Chem. Assn., 23, p. 412 (1928).
97. **Some Comparative Data on Vegetable and Chrome-Retanned Sole Leather.** (R. W. Frey, I. D. Clarke, and L. R. Leinbach). J. Amer. Leather Chem. Assn., 23, p. 430 (1928).
- *98. **Investigating Loss in Hides and Skins.** Official Record, U. S. Dept. Agr. 7, No. 37, September 12, 1928.
- *99. **Several Methods Available for Waterproofing Shoes.** U. S. Dept. Agr. Clip Sheet No. 540, November 4, 1928.
100. **Analyses of Some English Bookbinding Leathers.** (R. W. Frey, L. R. Leinbach and E. O. Reed). U. S. Government Printing Office, 1929; also J. Amer. Leather Chem. Assn., 24, p. 190 (1929).
- *101. **Poor Skins Make Poor Leather.** Leather Manufacturer, March 1929, p. 68; also as "Produce Better Hides and Skins" in Shoe and Leather Reporter, May 9, 1929, p. 39.
102. **Belt Failure Often Caused by Neglect or Faulty Installation.** (R. W. Frey and F. P. Veitch). U. S. Dept. Agr. 1928 Yearbook of Agriculture, p. 151 (1929). Yearbook Separate 1033. Published as "What May Cause Belt Failure," Hide and Leather, p. 36, September 21, 1929.
103. **Harness Life Can Be Doubled or Trebled by Cleaning and Repairing.** (F. P. Veitch and R. W. Frey). U. S. Dept. Agr. 1928 Yearbook, p. 352 (1929). Yearbook Separate 1034.
- *104. **Leather and Its Manufacture.** (F. P. Veitch). U. S. Daily, December 19, 1929. (Published as "Improvements on Leather Goods Developed by Federal Studies").

- *105. **The Wearing Quality and Other Properties of Vegetable-Tanned and Chrome-Retanned Sole Leather.** (R. W. Frey and I. D. Clarke). U. S. Tech. Bull. 169, January 1930. Published in J. Amer. Lea. Chem. Assn., '25, p. 133, April 1930.
- *106. **Chrome vs. Vegetable-Tanned Leathers for Bookbinding.** (Industrial-Farm Products Division). Published in Hide and Leather, January 18, 1930.
- 107. **Hides and Skins Have a Potential Value Often Lost by Mishandling.** (R. W. Frey). U. S. Dept. of Agr. Yearbook, p. 316-18 (1930). Yearbook Separate 1116.
- *108. **Tanning Preparation and Process (Ferro-Chrome).** (R. W. Frey). U. S. Patent 1,757,040, May 6, 1930.
- 109. **Preservation of Leather Bookbindings.** (R. W. Frey and F. P. Veitch). Leaflet No. 69, November 1930. Press Notice, January 17, 1931, "Preservation du cuir des reliures," Papyrus, '22, 136, p. 473, July 31, 1931. Scientific American, March 1932, p. 164.
- *110. **Some Density Data on Leather.** (I. D. Clarke). Ind. & Eng. Chem., '23, p. 62, January 1931. (Also presented before the Leather and Gelatin Chemistry Division, 80th meeting of Amer. Chem. Soc., Cincinnati, O., September 8-12, 1930).
- 111. **Hides and Skins Require Prompt Thorough Curing to Bring Best Prices.** (R. W. Frey and R. M. duBruyne). U. S. Dept. of Agr. Yearbook, p. 290-293 (1931). Yearbook Separate 1212.
- 112. **Leather Injured by Mud, Water and Heat; Preserved by Grease.** (R. W. Frey). U. S. Dept. of Agr. Yearbook, p. 337-340 (1931). Yearbook Separate 1217.
- *113. **The Effect of Salt on the Microbial Heating of Alfalfa Hay.** (L. S. Stuart and Lawrence H. James). Journal of Agricultural Research, 42, p. 657, May 1931.
- *114. **Presidential Address, Amer. Lea. Chem. Assn.** (R. W. Frey). Jour., Amer. Lea. Chem. Assn., '27, p. 258, July 1932. (Published in Hide and Leather, May 30, 1931, under heading "Industry Turns to Chemists, Says Dr. Frey to Atlantic City Delegates.")
- *115. **The Decay of Bookbinding Leathers.** (R. W. Frey and I. D. Clarke). Jour. Amer. Lea. Chem. Assn., '26, p. 461, September 1931.
- *116. **Gaseous Pollution of the Atmosphere a Cause of Leather Decay.** (R. W. Frey). The Library Journal, 57, p. 405, May 1, 1932.
- *117. **Tannin Data on Hairy Chinese Chestnut Trees Grown in the United States.** (I. D. Clarke and R. W. Frey). Jour. Amer. Lea. Chem. Assn., '27, p. 206, June 1932.
- *118. **Poor Salt Makes Poor Leather.** (R. W. Frey). Hide and Leather, November 12, 1932, p. 13. Leather Manufacturer, December 1932, p. 309. Shoe and Leather Reporter, January 21, 1933, p. 18. National Provisioner, December 24, 1932, p. 17. The Tannery, November 12, 1932, p. 13.

- *119. **Northwestern Waste Hemlock Bark Utilization.** Shoe and Leather, April 16, 1932, p. 22.
- *120. **Some Results With a New Folding Endurance Tester for Light Leather.** (I. D. Clarke and R. W. Frey). Jour. Amer. Lea. Chem. Assn., '28, p. 77, February 1933.
- *121. **Microbiological Studies of Salt in Relation to the Reddening of Salted Hides.** (L. S. Stuart, R. W. Frey and Lawrence H. James). U.S.D.A. Technical Bulletin 383, September 1933.
- *122. **Fat Distribution in the Bend Portion of Greasy Hides and Leather.** (I. D. Clarke and R. W. Frey). Jour. Amer. Lea. Chem. Assn., '28, p. 416, September 1933.
- *123. **"Kidney Grease" in Heavy Hides and Leather.** (R. W. Frey, I. D. Clarke and L. S. Stuart). Jour. Amer. Lea. Chem. Assn., '28, p. 490, October 1933.
- *124. **A Cause of Discrepancy in Procter-Searle Acidity Results.** (I. D. Clarke and R. W. Frey). Jour. Amer. Lea. Chem. Assn., '28, p. 580, December 1933.
- *125. **Some Practical Observations on the Molding of Pickled Sheepskins.** (L. S. Stuart and R. W. Frey). Jour. Amer. Lea. Chem. Assn., '29, p. 113, March 1934.
- *126. **Some New Morphological and Physiological Observations on Salt Tolerant Bacteria.** (L. S. Stuart and T. L. Swenson). Jour. Amer. Lea. Chem. Assn., '29, p. 142, April 1934.
- *127. **Comparative Permanence of Chrome and Vegetable Leathers as Indicated by Gas Chamber Tests.** (R. W. Frey and C. W. Beebe). Jour. Amer. Lea. Chem. Assn., '29, p. 489, September 1934.
- *128. **Preliminary Experiments on Prevention of Leather "Red Rot".** (R. W. Frey and C. W. Beebe). Jour. Amer. Lea. Chem. Assn., '29, p. 528, October 1934.
- *129. **Experiments with Salt Treated to Increase its Hide Curing Ability.** (L. S. Stuart and R. W. Frey). Jour. Amer. Lea. Chem. Assn., '29, p. 630, November 1934.
- *130. **Ringworm Damage to Hides and Leather.** (L. S. Stuart and R. W. Frey). Jour. Amer. Lea. Chem. Assn., '30, p. 63, February 1935.
- *131. **Non-Parasitic Eczema Damage to Hides and Leather.** (L. S. Stuart and R. W. Frey). Jour. Amer. Lea. Chem. Assn., '30, p. 124, March 1935.
- *132. **Nematode Damage to Hides and Leather.** (L. S. Stuart and R. W. Frey). Jour. Amer. Lea. Chem. Assn., '30, p. 162, April 1935.
- *133. **The Morphology of Bacteria Causing Reddening of Salted Hides.** (L. S. Stuart). Jour. Amer. Lea. Chem. Assn., '30, p. 226, May 1935.
